

Fresno Fairgrounds Rain or Shine

Autocross and Drift Driving School February 27th & 28th, 2010 - 9am

Additional details can be found at our website located at www.FresnoSCCA.com

This event is available via PRE-REGISTRATION ONLY.

Dramatically improve **your** ability to control **your** car! Learn on an autocross course from experienced instructors about the limits of adhesion, braking, and handling under diverse and challenging conditions. Receive One on One in-car instruction. Sharpen your driving skills!

Autocross is a timed contest of driving skill. Speeds and hazards to spectators, participants, and property do not exceed those found in normal, legal highway driving. We think it is much more fun than street driving and you can't get a speeding ticket!

Best of all, you can enter in YOUR everyday street car!

SCCA solo racing is an inexpensive, safe way to experience racing. It helps you discover your car's capabilities and limitations, making you a better, safer driver on the road and it develops your own driving ability. Many would-be race drivers use it as a jump point into the sport of road racing. But probably the greatest thrill of autocross is the challenge of beating your own time. It's fun!

New for 2010, there are two separate instruction groups: autocross and drift. Autocross will be similar to the classes held in the past, focusing on car control. Drift will teach the basics of the driving style known as drifting. Cars should be RWD and drivers should have an understanding of drift style driving.
